When Generations Connect: Communicating Across the Generational Divide

Whether it's Millennials, Generation X, or Baby Boomers, most people have heard about generational differences, but few know what to do about them. Lynne is one of today's most sought-after Generational Experts and Keynote Speakers. She has appeared on the Today Show, CNN, CNBC, and is co-author of the best-selling book *When Generations Collide: Who They Are. Why They Clash. How to Solve the Generational Puzzle at Work.*

Lynne will teach you how to engage across our very different generations, whether it's across the work table, the conference table or the dinner table.

If you think you know generations, think again! Don't miss this enlightening event!

What is the FEI Diversity Group?

FEI National continues to encourage local chapters to focus on diversity within our membership. Women executives face a unique set of challenges in balancing their careers and personal lives. This special interest group is focused on exploiting the talents of individuals and creating opportunities to improve personally and professionally. As a result, we hope to increase membership in our chapter and create additional ways for our female members to be engaged in the FEI experience.
