

September/October 2021 Membership Update

We're three months into fiscal year 2021-2022, and have already held numerous chapter events. Our FEI Board of Directors and Strategic Partners have collaborated to provide more events than ever in both virtual and in-person formats. The intent is to provide our members with a variety of offerings throughout the month, in both virtual and in-person formats and at different times of the day to meet the various needs of our members' busy schedules. September boasted five chapter events, and October will feature six events as well.

As we look toward the second quarter of fiscal year 2021-2022, we would greatly appreciate your participation, and help in promoting FEI to prospective members. Beginning July 1, 2021, FEI National permanently reduced its annual dues from \$399 to \$299 for new members and member renewals effective that date and beyond. Our local chapter dues are an additional \$200 after the first year of membership, which hasn't changed in over a decade. We continue to adapt and expand our chapter's offerings based on the changes we've faced over the past 18+ months, and sincerely hope our dedication to you, our members, has made a positive impact.

As always, please continue to invite your colleagues to our chapter events and encourage prospective members to join FEI. There is no cost for them to attend our virtual sessions or chapter meetings.

Thank you for your membership to FEI. We appreciate each and every one of you and welcome your questions, suggestions and membership feedback.
