

July/August 2022 Membership Update

Fiscal year 2022-2023 began on July 1st, and our FEI Executive Committee and strategic partners have been developing an exciting, informative, and unique lineup of events, speakers, venues, and learning opportunities. Fiscal year 2021-2022 ended on June 30, 2022, and our chapter had a total of 189 members. We began the year with 208 members. Throughout the year, 9 new members were recruited, one transferred into the chapter, and there were also 23 reinstatements. These efforts were offset by 48 terminations. Our chapter is ranked the 7th largest in the country.

Our primary focus is to offer members exceptional content, robust networking opportunities, and continuing professional education (CPE) offerings. In person chapter meetings will be the best way to showcase what our organization does best, and we welcome your colleagues (both prospective and non-prospective members are welcome).

Thank you for being a member of our vibrant chapter! As always, please send your membership questions or suggestions to my attention. We look forward seeing you in September and throughout fiscal year 2022-2023!
