

July/August 2017 Newsletter 2017 Career Development Workshop Summary

Thanks go out to Regina Kramer of [Winsight Coaching](#) who presented an amazing StrengthsFinder workshop at FVTC's new Bordini Center on June 27, 2017. Her presentation provided superb insights for those currently happy at where they work as well as those that are investigating alternative career options. Regina did her own due diligence by attending our April 18, 2017 Chapter Meeting to help gain insights and prepare for her presentation.

Appreciation is also given for the efforts of Julie Kimps, Mike McNamara and Michelle Weiss for their active contribution in making the event a success. Also, thanks are extended to the 41 folks that signed up to participate along with the 20 survey responses that provided an overall rating of the program at a 4.4/5 with a 4.6 rating for the speaker (note: the worst rating was a 4.1 for beverages – maybe we need to have that open bar at lunch too!)

Don't miss next year's event! Ideas are being solicited for next year's Career Seminar that would best serve YOUR needs. We again anticipate a half-day of valuable information sharing in the early summer of 2018. Looking forward to helping serve YOUR career success!

Scott Dell
Career Management Committee Chair
