### What is the FEI Diversity Group?

FEI National continues to encourage local chapters to focus on diversity within our membership. Women executives face a unique set of challenges in balancing their careers and personal lives. This special interest group is focused on exploiting the talents of individuals and creating opportunities to improve personally and professionally. As a result, we hope to increase membership in our chapter and create additional ways for our female members to be engaged in the FEI experience.

### Diversity Group events are open to the following individuals:

- Members of FEI NE Wisconsin Chapter
- Managers and executives within an FEI Member's Company
- Representatives of our Strategic Partner companies
- Prospective chapter members

- While some event topics are geared towards women, men are welcome to attend and participate.
